December 2020

3rd issue

Upcoming events!

- 25 January 2021: School re-opening for staff.
- 27 January 2021: School re-opening for learners.

Reminders!

All Covid-19 procedures at Tswelang School will still be followed when the school re-opens in January 2021.

Please purchase a small school diary for your child—available at PEP Stores.

Please remember to inform the school if your contact details have changed!

Our Values

Out of the office

The year 2020 was a challenging year for us all. Never the less Tswelang has been blessed beyond measure and we are truly grateful! Time for some good news:

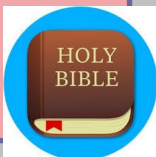

- The national government appointed 20 new officials at Tswelang Special School. 12 Officials were allocated as teacher assistants and 8 officials as general school assistants.
- DIY Superstore sponsored the branding of our busses.
- Tswelang Special school appointed a marketer for 2021— Mr. Johan Grobbelaar. We are extremely excited to work with him during 2021.
- A new name board for the school, sponsored by Itec, was installed.

Please stay safe during the Christmas holiday! May you all experience a blessed festive season!

Isaiah 12 : 2

“ Surely God is my salvation; I will trust and not be afraid. The Lord, the Lord himself, is my strength and my defense; he has become my salvation. ”

Wellness and bereavement

It is with great sorrow that we announce the passing of Me. M. Napie’s mother.

Naledi Nkiane, one of our learners, also lost her mother.

May they be comforted during this time of grief.

Health Information

From the clinic

Health consent forms: All day scholars received consent forms to be signed by the parents and most of the forms came back. The forms for the learners in the hostels will be available in the hostel and we ask that the parents must sign the document when they bring back the learner on the 27th of January 2021.

The HPV immunization for the girls of 9 years will be given only to the child whose form was completed and signed by the parent. The date for the first round immunization will be 15 February—26 March 2021 and the second round 16 August - 23 September 2021. The 9 year old girls who received only one immunization in 2020 will also receive the second immunization during the first round in 2021.

Thank you

C Joubert (Professional nurse)

Therapy information

A long holiday await the learners from Tswelang School. We ask that learners remain physically active during the holiday period. Daily stretching of all limbs are recommended as well as active movement through play or exercise!

Stay safe and remember to wear masks, sanitize and maintain social distance. Covid-19 is not over!
